4. General President Update

Jake Law outlined that was the President for Albany Student Association (ASA) in 2022, prior to the amalgamation. Supported the amalgamation to give more overall support for all students of Massey.

Te Tira Ahu Pae is now fully staffed. Acknowledged Jacalyn Clare as Representation Manager for Te Tira Ahu Pae.

Have been working through developing policies, particularly regarding representation.

Student Rep training was held on the Manawātū campus in April, which included boards and committee training.

Current topics students are concerned about are Online Supervised Exams (OSEs) and Library hours.

5. Manawhakahaere Update

Ramairoa Tawera acknowledged that with the amalgamation and having one team across all campuses provides more support. The rōpū having one voice and equal resources gives equal opportunity and pay parity, all are equally recognised.

Now have dedicated staff to support Kaiwhakahaere (Māori Student Reps) on the three physical campuses.

Acknowledged there have been a lot of structural changes in the first year of Te Tira Ahu Pae, this will make it easier for tauira (students) to have access to services and representation.

It is great to see quorum today.

6. Pasifika President Update

Aniva Feau outlined that it was evident that there was inequity prior to the amalgamation, therefore it was beneficial to the Pasifika cohort to amalgamate. The Student Reps and team were previously all volunteers and now have better services for Pasifika students.

Still working through how everything works and how we work together.
