The Drift Go-Karting event was a great success! The students had a blast and were able to try a fun activity they mostly had never tried before. After the driving, students bonded over some food and banter. We have received great feedback from the students asking if we could host another event as such. The funds were used to contribute to the track hire as requested.

We had over 90 people who signed up and allocated 25 positions based on that. We also relocated spots if students were not able to attend. We appreciate the supporting funds through the grant and hope to be able to host many more memorable events for our students.

Grant Type: General Grant (Up to 70%)  
Date Used: 27-03-2024  
Funding Received: \$152.60

The Wellbeing workshop run by Mark Rainer on 27/03/2024 was hugely successful. The students came away from it feeling empowered and motivated to support their peers with their mental health. The workshop was focused around how to open a conversation with someone when you have noticed them struggling, and how to actively listen and respond to them.

The workshop ran for 2.5 hours and included time for role playing and open discussions. There were 27 people that attended. Will hopefully continue to run a workshop like this yearly for students in the Vet Wellbeing initiative and the MUVSA exec team. The cost of the pizzas was lower than expected as there were some deals going for dominoes which I added to reduce the price. The pizza dinner itself was a great way for students to relax and have some kai before the workshop began. I believe it served its purpose well and it allowed for friendly conversation before the more serious topics that the night entailed.

Thank you to Te Tira Ahu Pae for making this possible for us, we appreciate the generosity towards making events like this possible.

Grant Title: BVsc Pizza dinner  
Grant Number: MTU.24.1.70.28  
Grant Type: General Grant (Up to 70%)  
Date Used: 28-03-24  
Funding Received: \$389.90

The event was held in the student lounge on campus at 12pm on Thursday 28th of March, and was a success. We had the majority of students from our class come and participate in the event creating a nice class socialising environment. We ordered 65 pizzas (\$300 as seen on the receipts) and distributed them to the students who turned up (around 115) and everyone got a fair share of the food. This event acted as a nice and relaxing end to the 1st half of the semester and a time for our class to say our goodbyes for the next 2 weeks. Below are just a few photos of our cohort enjoying the pizza and company of other students!

The feedback from students was very positive and means that we hope to create similar events in the future to allow our classmates some well deserved relaxation. We'd like to say thank you to Te Tira Ahu Pae for the approval of the grant. This event would not have been a success without your contribution and we are extremely appreciative of it. We hope to continue having your amazing support for other events that we'll be organising throughout the year. Once again, thank you very much!
